Introducing ESL+

Clarity at the shelf. **Control at your fingertips.**

SMARTER SHELVES | BETTER VISIBILITY | IMPROVED OUTCOMES

Bring clarity and speed to every shelf

This next generation of electronic shelf label gives you more than inventory visibility. It gives you real-time action at the shelf. With built-in reorder buttons, alerts, and indicator lights, ESL+ turns every label into a live supply chain touchpoint. Clinicians save time, supply teams gain control, and patient care gets a boost — all without adding complexity or workload.

What you'll get with ESL+

- Tap-to-reorder and stockout buttons right on the label
- Visual light guidance for faster search and return
- Real-time alerts for expiry, recalls and critical items
- Remote updates and no label reprinting required
- Simple wireless install on existing shelves and bins

TIME
Cut search time with clear, visible product ID

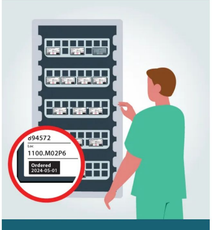
KEY INFORMATION
Give clinicians instant access to accurate product info

REORDER ACTION
Trigger replenishments with a single button press

LIGHT ASSIST
Use indicator light to search, pick or return items faster

ALERTS
Flag recalls, expiry or stockouts where decisions are made

CONFIDENCE
Know what's needed, what's missing and what's next right at the bin

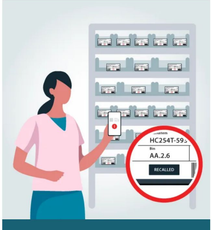


Replenishments, simplified

Eliminate clinical effort in the replenishment process. Reorders are just a button press away — no chasing, no delays.

Expiry control at the shelf

Catch expiry risks before they become problems. Instantly flag near-expiry items without manual checks.



Recall and critical item visibility

See what matters, where it matters. Get instant insight into recalled and high-value items right on the shelf to support fast, informed action.

Shelf-level clarity that supports clinical confidence

Real-time updates
Keep shelves accurate and supply-ready with remote updates that reduce waste and eliminate stockouts.

Wireless simplicity
Install quickly and connect easily with hospital systems — no hardwiring, no disruption.

Flexible fit
Adapt to your space with ESLs that mount directly to existing bins and shelves — no retrofits needed.

High-clarity display
Ensure instant recognition with crisp E Ink visuals in black, white and red, readable from any angle.

Who we serve

Trusted among the largest healthcare leaders in North America

Banner Health | Intermountain Health | McLeod Health | Mercy | Parkview Health | Sanford Health | St Luke's | Wellstar Health System

Join the next generation of healthcare innovators

Gain real-time visibility and automate supply workflows across clinical, procedural and lab environments without adding burden to frontline staff.

Tecsys' ESL+ delivers visibility and action at the point of care, so the right supplies are always in the right place at the right time.

Now is the time to explore what's possible.
